About Cerampakhsh Export Company

By entering in the online markets with deep market research done, thorough 2019, with the high experience more than 20 years among the huge industry of ceramic tiles, we decided to influence the financial flows of businesses through modern marketing tools.

Cerampakhsh's online store the first act in the field of construction materials.

In Cerampakhsh platform, sellers of construction materials can sell their products in the field of ceramic tiles in various designs, including carpet design ceramics, decorative tiles, traditional tiles, geometric design tiles, etc, which belong to a large family called decorative tiles.

They sell a variety of applications such as kitchen tiles, pool tiles, in ter-cabinet tiles, floor ceramics, and bathroom tiles.

Cerampakhsh is not only a young and academic team but also loves its individual and group activities and programs it is not just a company; Rather, it is the great and bright future of the huge building materials industry of the country, which has built it from the beginning with the capabilities of its young team.

Seeking for a Picturesque look?

Our Spanish Brand

ANDIA GRESs.L.

The coalescence of creation and innovation has led us to create a brand that matches the tastes of the market and one of the most luxurious one in the form of the Spanish brand called **Andia gres**.

AndiaGres, a Spanish company resulted from the cooperation with PERSEPOLIS TILE one of the biggest Porcelain manufacturers in Iran and CERAMPAKHSH the biggest online Iranian trade company PERSEPOLIS TILE has been the market leader for 15 years because of its innovative and miscellaneous products with high quality. CERAMPAKHSH is also resulted from 20 years of trading, innovative selling, and customer orientation in international market At the present time, the cooperation between these two well-known companies leads to the production of innovative products concerning the customers' tastes in the name of AndiaGres company.

Having a great proficiency in marketing, selling, and export with the help of advanced machinery in theworld, this company produces innovative, professional products adoptable with your walls, floors, and work environments. These products enables you to personalize your residential, official, and commercial projects.

AndiaGres focused on producing luxury and innovative ceramic sizes 80*160 40*160 120*120 20*160 with thickness of 11 to 20 mm, in order to produce the most recent and the most beautiful floor and wall covering by the use of modern and advanced machinery, professional digital device, big press, and professional ovens.

All Andia Gres innovative and creative models are produced by the best Italian and Spanish designers in exclusive ownership of the company.

At the present time, Andia Gres products are merely manufactered for European markets and are distributed from the town of Castile in Spain. This company is eager to negotiate and cooperate with luxury Iranian projects for personolizing the products for your special customers.

The Andia Gres product packagings are compatible with international standards regarding the environmental rules about preventing the pollutants. The workers rights and their health rules are all observed. Reducing the transportation costs and preserving the products in all kinds of weathers are in our considerarion.

What Makes Us Different?

A) Creativity

Cerampakhsh Market has created a platform for the supply and demand of large-scale construction materials. In addition to strengthening Iranian construction materials, it gives a good perspective of customers' tastes and market forecasts for the progress of this industry to manufacturers and marketers.

One of the major drawbacks of traditional manufacturers and marketers of the Iranian tile industry is their lack of colorful presence in the online market.

This problem has been solved by Cerampaksh logestic team, and you can witness this powerful platform work 24 hours to inform customers and also make everything easier for retailers in the whole industry.

B) Transparency

Facilitated communication between sellers and consumers we strive to provide consumers with a safe online shopping experience in the field of building materials.

Consumers have the capability to monitor prices of preferred services and goods, track prices historically, or receive alerts for historically low or high prices. Cerampakhsh is the best and ultimate place you can ever seek for the most economical and transparent prices.

What Makes Us Different?

C) ICC Rules

With complete mastery of the Incoterms documents and following the latest rules and regulations related to the costs and responsibilities of the seller and the buyer, Cerampakhsh is trying to fully and accurately comply with this global regulation.

All the activities of the Cerampakhsh brand are compatible with the rules of Incoterms, and the sensitivity of compliance with the rules of Incoterms is of particular importance for the Cerampakhsh brand. As a result, people and businesses that interact and cooperate with Cerampakhsh have well-witnessed compliance with the Incoterms rules of our brand.

D) Credit Granting

Customers who have cooperated well with Cerampakhsh over the years have had the privilege of being able to receive special credit from the Cerampakhsh platform for the growth and development of their business and to be able to lay the foundations of their business growth well.

Cerampakhsh does its best to create conditions for its well-performing customers so that they can be seen more in the wide and competitive market of ceramic tiles and their business problems are reduced to some extent due to this credit.

E) Global Clients

Our Customers Around the World

37% Europe

63% Middle east

F) Constancy

All our customers from endmost the world have not changed from the day we started our business, which shows the perseverance transparency, openness integrity and customer- oriented manner of Cerampakhsh.

Since the beginning of its activity, Cerampakhsh has cooperated with special customers from different countries and has been able to maintain a large part of these cooperations and is thinking of developing them as best as possible.

Cerampakhsh has its own specific vision and customers have well understood this standing in the path of clear goals of Cerampakhsh in these years and they introduced us to new customers who intend to cooperate with Cerampakhsh for a long time.

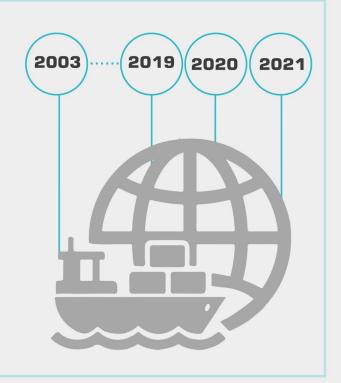

Cerampakhsh Export Journey

Although we established our business since 2003, but we present the last three years of our brilliant record

Export is one of the main foundations of Iran's economic progress at present. Every year, many producers and exporters try to offer their products in the international markets, above the domestic markets. But they fail, apart from political debates and sanctions, this failure may be due to the lack of experience and proper knowledge of international markets.

In the current situation, Cerampakhsh is doing its export distribution, which is making great progress in exports every year.

Cerampakhsh export record through statistics and numbers

2019

In 2019, Cerampakhsh company exported more than 2,088,000 SQM of ceramic tiles to different countries during the conditions of the peak of the sanction with a (high) financial turnover, of more than 4 Million Dollars.

Cerampakhsh export record through statistics and numbers

2020

In 2020, Cerampakhsh company continued its export growth, and was able to increase its export amount to 2,236,800 SQM, and with the sale of ceramic tiles its turnover reached more than 5 Million Dollars.

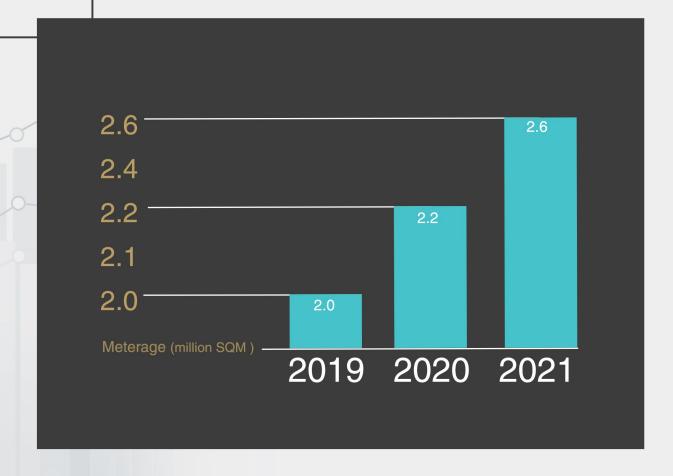

Cerampakhsh export record through statistics and numbers

2021

In 2021, the sanctions could not stop the export growth of Cerampakhsh company but caused this brand to export 2,656,800 SQM of ceramic tiles with the turnover of more than 8 Million Dollars.
